- Any other flowers needed? Please describe below:

## Here's how it works:

- ♥ Inky takes your general style and seeks to grow and source local blooms to create your wedding florals.
- ♥ We are transparent about our pricing and attempt to keep costs low by streamlining the process of selecting and designing your wedding florals. Based on seasonal availability, we may need to source imported blooms from time to time, but do our best to adhere to sustainable floral design practices.
- ♥ We will email you an estimate for your wedding flowers based on the details we've discussed.
- ♥ After approving your order, we'll need a 50% deposit and a signed copy of our contract to reserve your event on our calendar.
- ♥ 5 weeks prior to your event date, we'll reconnect with you to finalize your order. Small changes, additions and substitutions can be made at this time.
- ♥ Final payment is due 14 days prior to your event. E-transfer is preferred. Should you wish to pay by credit card, a 3.0% processing fee will be applied (as that's what we're charged by our website provider).
- ♥ Enjoy your flowers: We'll have your flowers ready for pick up at our studio on the date and time specified on your final order. Delivery options are available at extra cost. All glass and vases provided are yours to keep.

Thanks for your interest in our wedding work! We look forward to creating beautiful pieces for your special day.
